

2021 Annual Meeting

October 27 to 29, 2021

MOTIF Seattle, Seattle, WA

Other WEDA Pacific Chapter COVID-19 Protocols

The WEDA Pacific Chapter is looking forward to a safe and engaging 2021 conference in Seattle. The WEDA Board is dedicated to the health and protection of all attendees. The following COVID-19 protocols will be implemented for the 2021 conference to ensure the comfort of all participants:

- 1) We encourage attendees who feel ill not to attend the meeting. Similar to prior conferences, all proceedings will be made available online after the conclusion of the program.
- 2) All attendees are required to wear masks indoors, with or without proof of vaccination, in accordance with King County COVID-19 guidelines.
- 3) Masks will be available at registration, if needed.
- 4) Hand sanitizer stations will be available at the conference, and attendees are encouraged to wash their hands often.
- 5) We suggest that attendees practice social distancing and avoid shaking hands, hugging, or other forms of close personal contact. However, wrist bands will be provided for all attendees to choose from that will help communicate contact comfort levels as follows:
 - a. Red – It is great to see you but please maintain 6-feet of distance.
 - b. Yellow – I am approachable but prefer an elbow tap over a handshake.
 - c. Green – I am comfortable with contact with other meeting attendees.
- 6) All equipment, surfaces, and touchpoints will be sanitized before and after use. This includes the speaker podium.
- 7) A list of registered attendees will be maintained for at least 2-weeks following the meeting if any notifications are required.
- 8) Whenever possible, doors will be propped open to minimize frequent touching and risk of surface transmission.
